**HOSMER ART GALLERY
APPLICATION FOR EXHIBIT**

2017-18 Season deadline: February 5, 2017

Please read the Hosmer Gallery Policy/Information for Exhibitors before applying.

Please print legibly and fill out this form completely. It contains all the information we need EXCEPT your art portfolio. You can **mail or hand-deliver** the portfolio with this form, or bring it for review by **appointment**.

If you prefer to upload images, use the online application instead of this form.

Portfolio requirements: For individual exhibitors, 10 examples of work representative of what you plan to show; for groups of 3 or more artists, 3-7 examples per person or a total of 18-20. Please be sure to indicate the title, size, and media for each piece. Digital images must be in JPEG, PNG or TIFF format, and between 1-5 MB each. Within this file size limit, larger is better since the quality and clarity of the reproductions will impact how well your work can be seen and appreciated. If you prefer to have your originals reviewed, please check the "appointment" choice under Portfolio Review.

Please do not email images. Images submitted by email will not be accepted for review. A link to your website can supplement your application but does not fulfill the portfolio requirement.

This form must be filled out completely.
