FY15 Budget
The City paid Forbes Library $19,804 to cover the overage in the Labor & Repairs line item of the FY15 budget. The library has requested a meeting with the Mayor and Finance Director to discuss how to make this process go more smoothly in the future. Mr. Morin is preparing the final FY15 year-end Treasurer’s Report, a summary of which will be sent to the mayor along with a letter of explanation.

Outreach Funding
Ms. Moulding said that she and Ms. Downing were in agreement that it is not a good idea for Forbes to take over the payment of a salaried position for Outreach if the city isn’t willing to pay for it. Ms. Downing suggested hiring an Outreach Volunteer Coordinator who would recruit, train, and manage the volunteers. The position could be funded either by the Friends of Forbes, or by someone in the Senior Tax Work-off Program. The Trustees discussed writing an article for the Daily Hampshire Gazette explaining the new approach to Outreach. In order to build community support, the article will include background information about why Forbes is in the position of having to cut Outreach. The article will also be designed to raise interest in the volunteer positions. Volunteers will need a car, insurance, social skills, and the ability to help Outreach patrons choose materials. In response to suggestions from Ms. Enz, Mr. Carrier said that it is necessary to have the funds in place before committing to staff compensation.

The Trustees agreed by consensus to form a sub-committee of Ms. Moulding, Ms. Downing, Ms. Hess, Mr. Rowe, and members of the Friends of Forbes to develop a plan for recruiting volunteers, writing a job description for the Outreach Volunteer Coordinator, and writing the article for the newspaper about the program. The sub-committee will also approach local nursing homes, where many the Outreach patrons reside, to request either funding or to recruit volunteers. Ms. McCormick will ask the Friends for volunteers to serve on the sub-committee which will present a plan at the September Trustees’ meeting.

Department Reports to Trustees
Department Heads will begin attending Trustees’ meetings to give reports on activities within their area of library services. If approved by the Trustees, Reference will report in September, an ARIS report given in October, Children’s in November, CCPLM & Special Collections in December, Programming in January, Arts & Music in February, and Facilities Management in March. The Trustees said this was an excellent idea which will give them a greater understanding of the work that is done and the issues faced by the various departments in the library.

Ms. Hess made a motion to approve the Department Heads reports to the Trustees as proposed by Ms. Moulding. Ms. Burnham seconded the motion, which was passed unanimously.

Pet Policy
Ms. Moulding adapted the city of Northampton’s recently adopted policy for pets/animals in city buildings for use at Forbes Library. Ms. Hess suggested changing the wording to include the outside property in addition to the building, and adding the line from the library’s current behavior policy which states, “Animals in the library, including service animals, must be well behaved and leashed or contained and under the handler’s control at all times. Dogs should not be left unattended on library property where they can obstruct walkways or driveways. Handlers whose animals are disruptive will be asked to take them out of the building.”
Pet Policy (continued)
Mr. Rowe made a motion to approve the Pet Policy as amended. Ms. Burnham seconded the motion, which was passed unanimously.

Gifts, Bequests, Sales, etc.
The following designated gifts were received since the last Trustees’ meeting: Two year subscription to Rug Hooking Magazine, from the ATHA Quabbin Chapter, Association of Traditional Hooking Artists, Shelburne Falls, MA.

Mr. Twarog made a motion to approve the allocation of the designated and undesignated gifts as proposed by Ms. Moulding. Mr. Rowe seconded the motion, which was passed unanimously.

Elevator Project
The company actually building the elevator is behind schedule in delivering the parts to the elevator so the completion date has been moved to mid-September. The steel supports upon which the elevator will travel has been installed and painted.

LSTA Grant Report
Ms. Downing reported that it has been a busy month and that the library is on track for the first year of the grant. There was an experiential staff meeting where staff used special glasses, ear plugs, gloves, and wheel chairs to mimic what it is like to use the library with a disability. There was also a brainstorming session to generate ideas for improvements to the building and services for people with disabilities. The group visited the Commission on Disabilities who are pleased with the improvements Forbes is making, although disappointed with the delay in the elevator installation. There was a program with a panel discussion at the Senior Center to answer questions, gather feedback, and build community. Once the elevator is completed in September Ms. Downing plans to advertise and promote the improvements. The group would also like to visit the City Council to talk about how much the elevator has helped and to talk about the other improvements made. The new AV equipment including a projector, speakers, and access panel has been installed in the Calvin Coolidge Presidential Library and Museum. Ms. Downing showed a transmitter that will allow a speaker to have a mic that will transmit to receivers that can be distributed to audience members.
