Request for Image Reproductions/Application for Permission to Publish

Terms and Conditions of Use

1. All requests to reproduce images from the Forbes Library Archives Collections must be submitted on this application. The applicant agrees to abide by all terms, conditions, and provisions of this agreement.

2. Permission for reproduction of images is granted only for the express purpose described in this application. If the intended use of an image is for publication, permission is authorized for one time, non-exclusive use of that image. Any change in use from that stated on the application, or subsequent use of the work beyond that specified in this agreement, requires Forbes Library's written permission. Forbes Library will not issue permission or licensing by other than by the use of this application. No other permission or licensing forms may be substituted.

3. Permission to reproduce images is valid only for the individual, company, or institution who signs the agreement and may not be transferred, assigned, sold or otherwise disposed of without written permission of the Library. Copies or prints of images from the Forbes Library collections may not be deposited or placed on file in any other repository. This includes electronic filing methods.

4. Forbes Library does not hold copyright over many of the images and illustrations in its collections. Responsibility for identifying and satisfying any claimants of copyright must be assumed by those wishing to reproduce the images.

5. Sale of a copy of a photograph, film footage, or illustration from Forbes Library's collections does not involve sale of copyright. Reproduction and Use Fees are charged for the images, based on Forbes Library's physical ownership of the images, and not on copyright.

6. A credit line must accompany images used in an illustration of any kind. It should read "Courtesy of the Forbes Library, Northampton, Massachusetts." It must be prominent and legible and it must appear in the caption or in close proximity to the image or in the list of credits for each image. Website (electronic) images must contain the credit line as part of the image and must be linked to the Forbes Library website. Failure to properly credit images from Forbes Library's collections will result in a \$200.00 fee per image every time the image is used or shown. Verification that proper use and credit of images has been made requires that a complimentary copy of the completed project or publication be sent to Forbes Library.

7. The staff will scan the best quality image that can be produced, however, that quality is dependent upon the condition of the original image. We do not edit or touch up images. Patrons are responsible for payment for images they request. We do not refund.

8. Forbes Library reserves the right to refuse to reproduce images.

9. Prepayment of all fees, including use fees, is required before permission is granted for reproduction of images. Default in payment will immediately revoke permission.
