Your name is ____________, and you have a peaceful job working as a _____________. But one day, a _____________ shows up at your house and tells you that in order to save the world, you must travel across the land to deliver a very important item, _____________, to the king.

You set out on your adventure at dawn, bringing only your trusted pet, a talking _____________ named Frank, and enough food for such a long journey.

After many days walking down the road, you finally arrive at the forest that surrounds the king’s castle. As you enter the forest, you hear a strange noise.

“What’s that?” asks Frank. “It sounds like _____________!”

As you go deeper into the trees, you realize that the noise is one of the king’s guards calling out for help. He is being attacked by a _____________!

You don’t have any weapons, but you do have some of your leftover food. You wave it in the monster’s face, and it is distracted for long enough that Frank is able to drag the guard out of harm’s way.

“Thank you!” says the guard. “My name is Leon, and I have the important job of protecting the king’s _____________. He will reward you handsomely when we get to the castle!”

With the guard and Frank at your side, you make it to the castle safely. As soon as the guard brings you to the king, you present to him the treasure you’ve carried all this way.

“We’re throwing a party tonight in your honor!” The king exclaims when he sees it. “The theme will be _____________, and it will be the biggest event this kingdom has ever seen.”

You attend the party as the king’s guest of honor, with Frank by your side. The king decrees that you will now have the privileged job of _____________. You live happily ever after!
